WELCOME TO TODAY'S EDITION OF "THE MAJORITY REPORT"

HB 544 Relative to the propagation of divisive concepts

Today, we bring you two videos from the public hearing on HB 544. The first from a citizen with examples on how it has affected his and his family's life. The second in which the testifier lays out a brief but informative history on Critical Race Theory and its disastrous impact of the past. Please feel free to share this edition of The Majority Report with your contacts.

Yours in Liberty,

Representative Len Turcotte
House Majority Senior Advisor
